

SEMI-ANNUAL REPORT

June 30, 2020

Shelton BDC Income Fund
Shelton Real Estate Income Fund
Shelton International Select Equity Fund
Shelton Tactical Credit Fund

Beginning on May 1, 2021, as permitted by regulations adopted by the U.S. Securities and Exchange Commission, paper copies of the Funds' annual and semi-annual shareholder reports will no longer be sent by mail, unless you specifically request paper copies of the reports. Instead, the reports will be made available on the Funds' website at www.sheltoncap.com and you will be notified by mail each time a report is posted and provided with a website link to access the report.

You may, notwithstanding the availability of shareholder reports online, elect to receive all future shareholder reports in paper free of charge. If you invest through a financial intermediary, you can contact your financial intermediary to request that you continue to receive paper copies of your shareholder reports. If you invest directly with the Funds, you can call 800-955-9988 to let the Funds know you wish to continue receiving paper copies of your shareholder reports.

If you already elected to receive shareholder reports electronically, you will not be affected by this change and you need not take any action. You may elect to receive shareholder reports and other communications from the Funds electronically anytime by contacting your financial intermediary (such as a broker-dealer or bank) or, if you are a direct investor, by enrolling at www.sheltoncap.com.

This report is intended only for the information of shareholders or those who have received the offering prospectus covering shares of beneficial interest of The SCM Trust which contains information about the management fee and other costs. Investments in shares of The SCM Trust are neither insured nor guaranteed by the U.S. Government.

As a shareholder of the Funds, you incur two types of costs: (1) transaction costs, including sales charges (loads) on purchase payments, reinvested dividends, or other distributions, redemption fees, and exchange fees; and (2) ongoing costs, including management fees, distribution and service (12b-1) fees and other Fund expenses. This example is intended to help you understand your ongoing cost (in dollars) of investing in the Funds and to compare these costs with the ongoing costs of investing in other mutual funds. The examples are based on an investment of \$1,000 invested at the beginning of the period and held for the entire period from January 1, 2020 to June 30, 2020.

Actual Expenses

The first line of the tables below provides information about actual account values and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses you have paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line under the heading entitled "Expenses Paid During Period" to estimate the expenses you paid on your account during this period.

Hypothetical Example for Comparison Purposes

The second line of the table provides information about hypothetical account values and hypothetical expenses based on the Funds' actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Funds' actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in the Funds and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds. The Funds do not charge any sales charges. Please note that the expenses shown in the tables are meant to highlight your ongoing costs only and do not reflect any transactional cost, such as sales charges (loads), redemption fees, or exchange fees. Therefore, the second line of the tables are useful in comparing ongoing costs only, and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

SCM Trust (the "Trust"), a Massachusetts business trust formed in July 1988 is registered as an investment company under the Investment Company Act of 1940, as amended. As of June 30, the Trust consists of five separate series, four of which are included in these financial statements. As of June 30, the fifth series, the Shelton Emerging Markets Fund, had a fiscal year end of September 30.

Shelton BDC Income Fund ("BDC Income Fund") is an open-end, non-diversified series of the Trust. The inception date is April 22, 2014, and the commencement date of operations is May 2, 2014. The investment objective is to provide a high level of income with the potential for capital appreciation. Effective July 1, 2016, Shelton Capital Management, a California limited partnership ("Shelton" or the "Advisor") became the advisor to the Fund.

Shelton Real Estate Income Fund ("Real Estate Income Fund") is an open-end, non-diversified series of the Trust. The inception date is June 4, 2013, and the commencement date of operations is June 7, 2013. The investment objective is to provide current income with the potential for capital appreciation. Effective July 1, 2016, Shelton became the advisor to the Fund.

Shelton Tactical Credit Fund ("Tactical Credit Fund") is an open-end, diversified series of the Trust. The inception date is December 16, 2014. The Fund's investment objective is to seek current income and capital appreciation. Effective July 1, 2016, Shelton became the advisor to the Fund. The Tactical Credit Fund is a successor to a series of the FundVantage Trust, a Delaware statutory trust, pursuant to a reorganization that took place after the close of business on March 17, 2017. Prior to March 17, 2017, the Successor Fund had no investment operations. As a result of the reorganization, holders of Class A Shares and Class C Shares of the former Tactical Credit Fund received Investor Shares of the successor Tactical Credit Fund and holders of Advisor Class Shares of the former Tactical Credit Fund received Institutional Shares of the successor Tactical Credit Fund. On June 19, 2019, the shareholders of the Cedar Ridge Unconstrained Credit Fund (the "Cedar Ridge Fund") approved the agreement and plan of reorganization providing for the transfer of assets and assumption of liabilities into the Shelton Tactical Credit Fund. Cedar Ridge Unconstrained Credit Fund is the performance and accounting survivor of the reorganization, Shelton Tactical Credit is the legal and tax survivor. The reorganization was effective as of the close of business on June 21, 2019. See Note 6 for more information.

Shelton International Select Equity Fund ("International Select Fund", and together with the BDC Income Fund, the Real Estate Income Fund, and the Tactical Credit Fund, each a "Fund" and collectively, the "Funds") is an open-end, diversified series of the Trust. The inception date is July 31, 2009. The Fund's investment objective is to achieve long-term capital appreciation. Effective July 18, 2016, Shelton became the advisor to the Fund. The International Select Fund is a successor to a series of the FundVantage Trust, a Delaware statutory trust, pursuant to a reorganization that took place after the close of business on July 28, 2017. Prior to July 28, 2017, the Successor Fund had no investment operations. As a result of the reorganization, holders of Class A Shares of the former International Select Fund received Investor Shares of the successor International Select Equity Fund and holders of Class I Shares of the former International Select Equity Fund received Institutional Shares of the successor International Select Equity Fund.

On June 3, 2020 the shareholders of the ICON International Equity Fund, a series of ICON Funds approved the agreement and plan of reorganization providing for the transfer of assets and assumption of liabilities into the Shelton International Select Equity Fund. The International Select Fund is the performance and accounting, legal and tax survivor of the reorganization. The reorganization was effective as of the open of business on June 29, 2020.

The Trust follows the investment company accounting and reporting guidance of the Financial Accounting Standards Board ("FASB") Accounting Standards Codification Topic 946, "Financial Services – Investment Companies".

(a) *Security Valuation* — Inputs used to value corporate debt securities generally include relative credit information, observed market movements, sector news, U.S. Treasury yield curve or relevant benchmark curve, and other market information, which may include benchmark yields, reported trades, broker-dealer quotes, issuer spreads, benchmark securities, bids, offers, and reference data, such as market research publications, when available ("Other Market Information"). Equity securities listed on a national or international exchange are valued at the last reported sales price. Futures contracts are valued at the settle price, depending on the exchange the contract trades on, typically as of 4:15 p.m., Eastern Time. Municipal securities are valued by an independent pricing service at a price determined by a matrix pricing method. This technique generally considers such factors as yields or prices of bonds of comparable quality, type of issue, coupon, maturity, ratings and general market conditions. U.S. government securities for which market quotations are readily available are valued at the mean between the closing bid and asked prices provided by an independent pricing service. U.S. agency securities consisting of mortgage pass-through certificates are valued using dealer quotations provided by an independent pricing service. U.S. Treasury Bills are valued at amortized cost which approximates market value. Securities with remaining maturities of 60 days or less are valued on the amortized cost basis as reflecting fair value.

Securities for which market quotes are not readily available from the Trust's third-party pricing service are valued at fair value, determined in good faith and in accordance with procedures adopted by the Board of Trustees. The Board has delegated to the Advisor's Pricing Committee the responsibility for determining the fair value, subject to the Board oversight and the review of the pricing decisions at its quarterly meetings. For a description of the Advisor, see Note 2.

(b) *Federal Income Taxes* — No provision is considered necessary for federal income taxes. The Funds intend to qualify for and elect the tax treatment applicable to regulated investment companies under the Internal Revenue Code and to distribute all their taxable income to shareholders.

(c) *Short Sales* — Short sales are transactions under which the Tactical Credit Fund sells a security it does not own in anticipation of a decline in the value of that security. To complete such a transaction, the Fund must borrow the security to make delivery to the buyer. The Fund then is obligated to replace the security borrowed by purchasing the security at market price at the time of replacement. The price at such time may be more or less than the price at which the security was sold by the Fund. When a security is sold short a decrease in the value of the security will be recognized as a gain and an increase in the value of the security will be recognized as a loss, which is potentially limitless. Until the security is replaced, the Fund is required to pay the lender amounts equal to dividend or interest that accrue during the period of the loan which is recorded as an expense. To borrow the security, the Fund also may be required to pay a premium or an interest fee, which are recorded as interest expense. Cash or securities are segregated for the broker to meet the necessary margin requirements. The Fund is subject to the risk that it may not always be able to close out a short position at a particular time or at an acceptable price.

(d) *Municipal Bonds* — Municipal bonds are debt obligations issued by the states, possessions, or territories of the United States (including the District of Columbia) or a political subdivision, public instrumentality, agency, public authority or other governmental unit of such states, possessions, or territories (e.g., counties, cities, towns, villages, districts and authorities). Municipal bonds may be issued as taxable securities, or as federally tax-

exempt securities. States, possessions, territories and municipalities may issue municipal bonds to raise funds for various public purposes such as airports, housing, hospitals, mass transportation, schools, water and sewer works, gas, and electric utilities. They may also issue municipal bonds to refund outstanding obligations and to meet general operating expenses. Municipal bonds may be general obligation bonds or revenue bonds. General obligation bonds are secured by the issuer's pledge of its full faith, credit and taxing power for the payment of principal and interest. Revenue bonds are payable from revenues derived from particular facilities, from the proceeds of a special excise tax or from other specific revenue sources. They are not usually payable from the general taxing power of a municipality. In addition, certain types of "private activity" bonds may be issued by public authorities to obtain funding for privately operated facilities, such as housing and pollution control facilities, for industrial facilities and for water supply, gas, electricity and waste disposal facilities. Other types of private activity bonds are used to finance the construction, repair or improvement of, or to obtain equipment for, privately operated industrial or commercial facilities. Current federal tax laws place substantial limitations on the size of certain of such issues. In certain cases, the interest on a private activity bond may not be exempt from federal income tax or the alternative minimum tax.

(e) *Security Transactions, Investment Income and Distributions to Shareholders* — Security transactions are recorded on the trade date. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Withholding taxes on foreign dividends have been provided for, in accordance with the Trust's understanding of the applicable country's tax rules and rates. Discounts or premiums on debt securities are accreted or amortized to interest income over the lives of the respective securities using the effective interest method. Distributions to shareholders are recorded on the ex-dividend date for the Funds. Income distributions and capital gain distributions are determined in accordance with income tax regulations which may differ from accounting principles generally accepted in the United States of America. These differences are primarily due to differing treatments for PFICs, wash sales, REIT adjustments and post-October capital losses.

Distributions received from investments in securities that represent a return of capital or capital gains are recorded as a reduction of cost of investment or as a realized gain, respectively. The calendar year-end amounts of ordinary income, capital gains, and return of capital included in distributions received from a Fund's investments in real estate investment trusts ("REITs") are reported to the Fund after the end of the calendar year; accordingly, the Funds estimate these amounts for accounting purposes until the characterization of REIT distributions is reported to the Fund after the end of the calendar year. Estimates are based on the most recent REIT distribution information available.

These "Book/tax" differences are considered either temporary (i.e., deferred losses, capital loss carry forwards) or permanent in nature. To the extent these differences are permanent in nature, such amounts are reclassified within the composition of net assets based on their federal tax basis treatment; temporary differences do not require reclassification.

(f) *Foreign Currency Translation* — Investment securities and other assets and liabilities denominated in foreign currencies are translated into U.S. dollar amounts at the date of valuation. Purchases and sales of investment securities and income and expense items denominated in foreign currencies are translated into U.S. dollar amounts on the respective dates of such transactions. The Trust does not isolate that portion of the results of operations resulting from changes in foreign exchange rates on investments from the fluctuations arising from changes in market prices of securities held. Such fluctuations are included with the net realized and unrealized gain or loss from investments.

Reported net realized foreign exchange gains or losses arise from sales of foreign currencies, currency gains or losses realized between the trade and settlement dates on securities transactions, and the difference between the amounts of dividends, interest, and foreign withholding taxes recorded on the company's books and the U.S. dollar equivalent of the amounts actually received or paid. Net unrealized foreign exchange gains and losses arise from changes in the fair values of assets and liabilities, other than investments in securities at fiscal period end, resulting from changes in exchange rates.

(g) *Concentration* — The Real Estate Income Fund concentrates its investments in real estate securities (i.e., securities of issuers in the real estate industry), including securities issued by REITs. The Fund invests substantially all (and under normal market conditions, at least 80%) of its net assets (plus any borrowings for investment purposes) in income producing real estate securities. The Advisor evaluates securities based primarily on the relative attractiveness of income and secondarily considers their potential for capital appreciation. The Advisor considers real estate securities to be securities issued by a company that (a) derives at least 50% of its revenues from the ownership, construction, financing, management or sale of commercial, industrial or residential real estate, or (b) has at least 50% of its assets invested in such real estate. The Advisor plans to sell a security if, in the judgment of the portfolio managers, the security's income potential has been compromised, an issuer's fundamentals have deteriorated or may deteriorate or a more attractive investment opportunity is identified. The Fund invests in both equity and debt securities and invests to a substantial degree in securities issued by REITs. REITs are pooled investment vehicles that own interests in real estate, real-estate related loans or similar interests, and their revenue primarily consists of rent derived from owned, income producing real estate properties and capital gains from the sale of such properties. A majority of the REITs in which the Fund invests are generally considered by the Advisor to be medium- or small-capitalization companies. The Fund will not invest in non-traded REITs that are sponsored, managed or distributed by affiliates of the Advisor. Equity securities in which the Fund may invest include common and preferred stocks, convertible securities, rights and warrants to purchase common stock and depositary receipts. Although the Advisor anticipates that the Fund will invest a substantial portion of its assets in equity securities, the Fund may invest up to 100% of its net assets in debt securities of any maturity, duration or credit rating. Debt securities in which the Fund may invest include corporate debt obligations and CMBS. Debt securities acquired by the Fund may also include high-yield debt securities (commonly referred to as "junk" bonds) issued or guaranteed by real estate companies or other companies. The Fund invests in securities across all market capitalization ranges. The Fund may invest up to 15% of its net assets in illiquid securities

The BDC Income Fund invests substantially all (and under normal market conditions, at least 80%) of its net assets (plus any borrowings for investment purposes) in common stocks and other equity securities of business development companies ("BDCs") that are traded on one or more nationally recognized securities exchanges. The equity securities in which the Fund may invest consist of common stocks, securities convertible into common stocks; and preferred stocks. In addition, although the Fund typically invests in equity securities, the Fund may invest up to 20% of its net assets in debt securities of BDCs and other issuers of any maturity, duration or credit rating.

The Tactical Credit Fund aims to use related credit asset classes on both the long and short side to generate an attractive rate of return with low volatility. Portfolio construction is implemented with a relative value framework and looks across the entire balance sheet of a corporation from senior secured down through subordinated, equity-linked bonds. This hedged approach is designed to generate performance that is less reliant on the direction of the overall market than a typical credit-based fund.

Cash & Cash Equivalents: The Funds consider their investment in a Federal Deposit Insurance Corporation (“FDIC”) insured interest bearing account to be cash and cash equivalents. Cash and cash equivalents are valued at cost plus any accrued interest. The Funds maintain cash balances, which, at times may exceed federally insured limits. The Funds maintain these balances with a high-quality financial institution.

Concentration of Credit Risk: Each Fund places its cash with a banking institution, which is insured by FDIC. The FDIC limit is \$250,000. At various times throughout the year, the amount on deposit may exceed the FDIC limit and subject the Funds to a credit risk. The Funds do not believe that such deposits are subject to any unusual risk associated with investment activities.

(h) *Use of Estimates in Financial Statements* — In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, Shelton Capital makes estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, as well as the reported amounts of income and expense during the year. Actual results may differ from these estimates.

(i) *Share Valuations* — The net asset value (“NAV”) per share of each Fund is calculated by dividing the sum of the value of the securities held by the Fund, plus cash or other assets, minus all liabilities (including estimated accrued expenses) by the total number of shares outstanding of the Fund, rounded to the nearest cent. A Fund’s shares will not be priced on the days on which the NYSE is closed for trading. The offering and redemption price per share of each Fund is equal to a Fund’s NAV per share.

(j) *Accounting for Uncertainty in Income Taxes* — The Funds recognize the tax benefits of uncertain tax positions only where the position is “more likely than not” to be sustained assuming examination by tax authorities. Shelton Capital has analyzed the Fund’s tax positions, and has concluded that no liability for unrecognized tax benefits should be recorded related to uncertain tax positions taken on returns filed for open tax years (2016-2018) or expected to be taken in the Fund’s 2019 tax returns. The Funds identify its major tax jurisdictions as U.S. Federal, however the Funds are not aware of any tax positions for which it is reasonably possible that the total amounts of unrecognized tax benefits will change materially in the next twelve months.

(k) *Fair Value Measurements* — The Funds utilize various methods to measure the fair value of most of its investments on a recurring basis. U.S. GAAP establishes a hierarchy that prioritizes inputs to valuation methods. The three levels of inputs are:

Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities that the company has the ability to access.

Level 2 – Observable inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These inputs may include quoted prices for the identical instrument on an inactive market, prices for similar instruments, interest rates, prepayment speeds, credit risk, yield curves, default rates and similar data.

Level 3 – Unobservable inputs for the asset or liability, to the extent relevant observable inputs are not available, representing the Fund’s own assumptions about the assumptions a market participant would use in valuing the asset or liability, and would be based on the best information available.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, whether the security is new and not yet established in the marketplace, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety, is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

The following table summarizes the valuation of the Trust’s securities at June 30, 2020 using fair value hierarchy:

NOTE 2 - INVESTMENT MANAGEMENT FEE AND OTHER RELATED PARTY TRANSACTIONS

Shelton provides each Fund with management and administrative services pursuant to investment management and administration servicing agreements.

In accordance with the terms of the management agreement, the Advisor receives compensation at the following annual rates:

Fund	Net Assets
BDC Income Fund	0.90%
Real Estate Income Fund	0.80%
International Select Fund	0.74%
Tactical Credit Fund	1.17% ^(a)

(a) The Tactical Credit Fund pays the Advisor an annual investment advisory fee equal to 1.17% of the Fund's average daily net assets. Prior to the reorganization into the Fund on June 21, 2019, the Cedar Ridge Unconstrained Credit Fund (the accounting survivor of the reorganization) paid an annual advisory fee equal to 1.00% of the Cedar Ridge Unconstrained Credit Fund's average daily net assets.

The Advisor contractually agreed to reduce total operating expense to certain Funds of the Trust. This additional contractual reimbursement (excluding certain compliance costs, extraordinary expenses such as litigation or merger and reorganization expenses, for example and with respect to the BDC Income Fund and the Real Estate Income Fund, acquired fund fees and expenses) is effective until the dates listed below, unless renewed, and is subject to recoupment within three fiscal years following reimbursement. Recoupment is limited to the extent the reimbursement does not exceed any applicable expense limit and the effect of the reimbursement is measured after all ordinary operating expenses are calculated; any such reimbursement is subject to the Board of Trustees' review and approval. Reimbursements from the Advisor to affected Funds, and the voluntary expense limits, for the period ended June 30, 2020 are as follows:

Fund	Voluntary Expense Limitation		
	Institutional Shares	Investor Shares	Expiration
BDC Income Fund	1.25%	1.50%	5/1/20 - 5/1/21
Real Estate Income Fund	1.17%	1.42%	5/1/20 - 5/1/21
International Select Fund	0.99%	1.24%	5/1/20 - 5/1/21
Tactical Credit Fund	1.39%	1.64%	5/1/20 - 5/1/21

At June 30, 2020, the remaining cumulative unreimbursed amount paid and/or waived by the Advisor on behalf of the Funds that may be reimbursed was \$934,174. The Advisor may recapture a portion of the above amount no later than the dates as stated below.

Fund	Expires 12/31/20	Expires 10/31/21	Expires 12/31/21	Expires 10/31/22	Expires 12/31/22	Total
BDC Income Fund	\$ 81,015	\$ —	\$ 48,779*	\$ —	\$ 58,429	\$ 139,444

Total	\$ 300,501	\$ 168,854	\$ 187,466	\$ 82,500	\$ 194,853	\$ 934,174

* The financial information presented reflects the expense reimbursement by Shelton Capital Management in effect from May 1, 2018 to December 31, 2018.

A Fund must pay its current ordinary operating expenses before the Advisor is entitled to any reimbursement of fees and/or expenses. Any such reimbursement is contingent upon the Board of Trustees review and approval prior to the time the reimbursement is initiated.

As compensation for administrative duties not covered by the management agreement, Shelton receives an administration fee, which was revised on January 1, 2011. The administration fee is based on assets held, in aggregate, by the SCM Trust and other funds within the same "family" of investment companies managed and administered by Shelton. The fee rates are 0.10% on the first \$500 million, 0.08% on the next \$500 million, and 0.06% on combined assets over \$1 billion. Administration fees are disclosed in the Statement of Operations.

Certain officers and trustees of the Trust are also partners of Shelton. Steve Rogers has served as a trustee and Chairman of the Board of Trustees of the Trust since 1998, and President of the Trust since 1999. Mr. Rogers is also Chief Executive Officer of the Adviser. Gregory T. Pusch has served as the Chief Compliance Officer ("CCO") of the Trust since March 2017. Mr. Pusch is also employed by Shelton, the Advisor and Administrator to the Trust. The Trust is responsible for the portion of his salary allocated to his duties as the CCO of the Trust during his employment, and Shelton is reimbursed by the Trust for this portion of his salary. The level of reimbursement is reviewed and determined by the Board of Trustees at least annually.

The Trust has adopted a Distribution Plan (the "Plan"), as amended July 29, 2017, pursuant to Rule 12b-1 under the Investment Company Act of 1940, whereby the Investor Shares of each Fund pays RFS Partners, the Funds' distributor (the "Distributor"), an affiliate of Shelton, for expenses that relate to the promotion and distribution of shares. Under the Plan, the Investor Shares of the Funds will pay the Distributor a fee at an annual rate of 0.25%, payable monthly, of the daily net assets attributable to such Fund's Investor Shares.

For the period ended June 30, 2020 the following were paid:

Fund	Investor Class 12b-1 Fees
BDC Income Fund	\$ 5,565
Real Estate Income Fund	5,436
International Select Fund	6,788
Tactical Credit Fund	20,521

Management fees, Administration fees, Expense reimbursement from the manager, CCO fees and Trustees fees incurred during the period are included in the Statement of Operations.

NOTE 3 - PURCHASES AND SALES OF SECURITIES

Purchases and sales of securities other than short-term instruments for the period ended June 30, 2020 were as follows:

Fund	Purchases	Sales
BDC Income Fund	\$ 737,641.64	\$ 1,366,016.90
Real Estate Income Fund	135,337.89	500,993.29
International Select Fund	37,316,352.08	18,376,772.78
Tactical Credit Fund	91,168,602.55	95,356,530.79

NOTE 4 - TAX CHARACTER

Reclassifications: Accounting principles generally accepted in the United States of America require certain components of net assets be reclassified between financial and tax reporting. These reclassifications have no effect on net assets or net asset value per share. For the year ended December 31, 2019, there was one reclassification for Tactical Credit Fund as a result of the merger with the Cedar Ridge Fund. The reclassification was as follows:

Fund	Increase/ (Decrease) Paid-In Capital	Distributable Earnings
Tactical Credit Fund	\$ 3,805,213	\$ (3,805,213)

Tax Basis of Distributable Earnings: The tax character of distributable earnings at December 31, 2019 was as follows:

	Undistributed Ordinary Income	Undistributed Long-Term Capital Gain	Capital Loss Carry Forwards	Unrealized Appreciation/ (Depreciation)	Post October and Other Losses	Total Distributable Earnings
BDC Income Fund	\$ —	\$ —	\$ (3,903,296)	\$ 283,968	\$ —	\$ (3,619,328)
Real Estate Income Fund	—	—	(18,321)	960,906	(1,350,241)	(407,656)
International Select Fund	62,397	—	(51,542,368)	8,036,301	(104,307)	(43,547,977)
Tactical Credit Fund	525,107	—	(2,774,772)	(3,571,217)	—	(5,820,882)

The difference between book basis and tax basis unrealized appreciation/(depreciation) is attributable primarily to wash sales and PFICs.

Capital Losses: Capital loss carry forwards, as of December 31, 2019, available to offset future capital gains, if any, are as follows:

Expiring	BDC Income Fund	Real Estate Income Fund*	International Select Fund	Tactical Credit Fund**
Long Term with No Expiration	\$ 1,402,358	\$ —	\$ 47,213,408	\$ —
Short Term with No Expiration	2,500,938	18,321	4,328,960	2,774,772
Total	\$ 3,903,296	\$ 18,321	\$ 51,542,368	\$ 2,774,772

* Subject to an annual limitation of \$37,999 under §382 of the Code

** Subject to annual limitation of \$561,798 under §382 of The Code through 2023 with \$527,580 available in 2024.

Distributions to Shareholders: Income distributions and capital gain distributions are determined in accordance with income tax regulations, which may differ from U.S. generally accepted accounting principles. These differences are primarily due to differing treatments of income and gains on various investment securities held by each Fund, timing differences and differing characterization of distributions made by each Fund.

The tax character of distributions paid during the year ended December 31, 2019 are as follows:

Fund	Year	Return of Capital	Ordinary Income	Long-Term Capital Gains ^(a)	Exempt-Interest Dividends	Total Distributions
BDC Income Fund	December 31, 2018	\$ —	\$ 1,037,553	\$ —	\$ —	\$ 1,037,553
	December 31, 2019	63,262	545,542	—	—	608,804
Real Estate Income Fund	December 31, 2018	112,060	187,569	16,879	—	316,508
	December 31, 2019	31,300	119,906	—	—	151,206
International Select Fund	December 31, 2018	—	439,884	—	—	439,884
	December 31, 2019	—	1,253,877	—	—	1,253,877
Tactical Credit Fund	October 31, 2018	—	329,464	1,928	2,015,746	2,347,138
	October 31, 2019	—	161,752	647,005	2,260,001	3,068,758
	December 31, 2019	—	375,685	—	707,607	1,083,292

(a) The Funds designate Long-Term Capital Gain dividends pursuant to Section 852(b)(3) of the Internal Revenue Code for the year ended December 31, 2019.

The tax distributions for the period ended December 31, 2019 differ from book distributions by \$723,486 of which \$264,188 was included in the book distribution for the year ended October 31, 2019 and \$459,292 of income earned by Shelton Tactical Credit Fund prior to the merger date but not included in the book distributions as the Cedar Ridge Fund was the accounting survivor (see note 6) of the merger.

The tax distributions for October 31, 2019 differ from the book distributions by \$264,188 as that amount was included in the tax distributions post-merger for the period ending December 31, 2019.

A final tax returned for the Cedar Ridge Unconstrained Credit Fund was filed for the period ended June 21, 2019 the date of the merger (see note 6).

NOTE 5 - RECENT ACCOUNTING PRONOUNCEMENTS

In March 2017, the FASB issued ASU 2017-08, Receivables --Nonrefundable Fees and Other Costs (Subtopic 310-20): Premium Amortization on Purchased Callable Debt Securities ("ASU 2017-08"). The amendments in ASU 2017-08 shorten the amortization period for certain callable debt securities, held at a premium, to be amortized to the earliest call date. ASU 2017-08 is effective for fiscal years and interim periods within those fiscal years beginning after December 15, 2018. Effective, January 1, 2019, the Funds adopted ASU 2017-08 and the adoption did not have a material impact on the Funds' financial statements.

NOTE 6 - REORGANIZATIONS

On June 19, 2019, the shareholders of the Cedar Ridge Unconstrained Credit Fund approved the agreement and plan of reorganization providing for the transfer of assets and assumption of liabilities into the Shelton Tactical Credit Fund. Cedar Ridge Unconstrained Credit Fund is the performance and accounting survivor of the reorganization, Shelton Tactical Credit is the legal and tax survivor. The reorganization was effective as of the close of business on June 21, 2019. The following table illustrates the specifics of the Fund's reorganization:

Shelton Tactical Credit Fund Pre-Reorganization Net Assets	New Shares issued to Shareholders of Shelton Tactical Credit Fund	Cedar Ridge Unconstrained Credit Fund Net Assets	Combined Net Assets	Tax Status of Transfer

BOARD APPROVAL OF THE INVESTMENT ADVISORY AGREEMENT (UNAUDITED)
JUNE 30, 2020

The Investment Company Act of 1940 (the "1940 Act") requires that the full board of the SCM Trust (the "Board") and a majority of the Independent Trustees annually approve the continuation of:

- The Investment Advisory Agreement (the "Advisory Agreement") dated October 11, 2016 between SCM Trust, on behalf of the funds listed below, and Shelton Capital Management ("SCM"):
 - o Shelton International Select Equity Fund;
 - o Shelton BDC Income Fund; and
 - o Shelton Real Estate Income Fund
 - o Shelton Tactical Credit Fund (each, a "Fund" and collectively, the "Funds").

At a meeting held in-person on February 5-6, 2020, the Board, including a majority of the Independent Trustees, considered and approved the continuation of the Advisory Agreement for an additional one-year period ending March 31, 2021:

Prior to the meeting, the Independent Trustees requested information from SCM and third-party sources. This information, together with other information provided by SCM, and the information provided to the Independent Trustees throughout the course of the year, formed the primary (but not exclusive) basis for the Board's determinations, as summarized below. In addition to the information identified above, other material factors and conclusions that formed the basis for the Board's subsequent approval are described below.

Information Received

Materials Received. During the course of each year, the Independent Trustees receive a wide variety of materials relating to the services provided by SCM, including reports on each applicable Fund's investment results; portfolio composition; third party fund rankings; investment strategy; portfolio trading practices; shareholder services; and other information relating to the nature, extent and quality of services provided by SCM to the applicable Funds. In addition, the Board requests and reviews supplementary information that includes materials regarding each Fund's investment results, advisory fee and expense comparisons, the costs of operating the Funds and financial and profitability information regarding Shelton Capital (the principal business activity of which is managing the Funds), descriptions of various functions such as compliance monitoring and portfolio trading practices, and information about the personnel providing investment management services to each applicable Fund.

Review Process. The Board received assistance and advice regarding legal and industry standards from independent legal counsel to the Independent Trustees and fund counsel. The Board discussed the renewal of the Advisory Agreement with SCM representatives, and in a private session with independent legal counsel at which representatives of SCM were not present. In deciding to approve the renewal of the Advisory Agreement, the Independent Trustees considered the total mix of information requested by and made available to them and did not identify any single issue or particular information that, in isolation, was the controlling factor. This summary describes the most important, but not all, of the factors considered by the Board.

Nature, Extent and Quality of Services

SCM, its personnel and its resources. The Board considered the depth and quality of Shelton Capital's investment management process; the experience, capability and integrity of its senior management and other personnel; operating performance and the overall financial strength and stability of its organization. The Board also considered that SCM made available to its investment professionals a variety of resources relating to investment management, compliance, trading, performance and portfolio accounting. The Board further considered SCM's continuing need to attract and retain qualified personnel and, noting SCM's additions over recent years, determined that SCM was adequately managing matters related to the Funds.

Other Services. The Board considered, in connection with the performance of its investment management services to the Funds: SCM's policies, procedures and systems to ensure compliance with applicable laws and regulations and each of their commitment to these programs; each of their efforts to keep the Trustees informed; and each of their attention to matters that may involve conflicts of interest with the applicable Funds. As a point of comparison, the Board also considered the nature, extent, quality and cost of certain non-investment related administrative services provided by SCM to the Funds under the administration servicing agreements.

The Board concluded that SCM had the quality and depth of personnel and investment methods essential to performing its duties under the applicable Advisory Agreements, and that the nature, extent and overall quality of such services provided by SCM, respectively, are satisfactory and reliable.

Investment Performance

The Board considered each Fund's investment results in comparison to its stated investment objectives. The Trustees reviewed the short-term and long-term performance of each Fund on both an absolute basis and against its benchmark indices. The Trustees also reviewed performance rankings for each Fund as provided by an independent third-party service provider, as applicable. In assessing performance of certain Funds, the Trustees took into consideration the fact that Fund performance is expected to mirror the appropriate benchmarks as closely as possible given certain practical constraints imposed by the 1940 Act, the Fund's investment restrictions, the Fund's size, and similar factors. Among the factors considered in this regard, were the following:

- For the International Select Equity Fund, it was noted that the performance of the Fund was in the top quartile over the 3-year period and in the second quartile over the 1-year period.
- For the Shelton BDC Income Fund, it was noted that the performance of the Fund was in the third quartile over the 1-year and 3-year periods, and in the fourth quartile over the 5-year period.
- For the Shelton Real Estate Income Fund, it was noted that the performance of the Fund was in the second quartile over the 1-year period and in the third quartile over the 3-year and 5-year periods.
- For the Shelton Tactical Credit Fund, it was noted that the performance of the Fund was in the second quartile over the 3-year and 5-year periods and in the fourth quartile over the 1-year period.

BOARD APPROVAL OF THE INVESTMENT ADVISORY AGREEMENT (UNAUDITED) (CONTINUED)
JUNE 30, 2020

The Board received a satisfactory explanation of the reasons underlying the performance of the lower performing Funds and SCM articulated a strategy for improving performance of these Funds. The Board ultimately concluded that SCM's performance records in managing the applicable Fund was satisfactory, and in some cases excellent, supporting the determination that SCM's continued management under the applicable Advisory Agreement would be consistent with the best interests of each applicable Fund and its shareholders.

Management Fees and Total Annual Operating Expense Ratios

The Board reviewed the management fees and total operating expenses of each Fund and compared such amounts with the management fees and total operating expenses of other funds in the industry that are found within the same style category as defined by a third-party independent service provider. The Board considered the advisory fees and total fees and expenses of each Fund in comparison to the advisory fees and other fees and expenses of other funds in each Fund's relevant category. The Trustees considered both the gross advisory fee rates, as well as the effective advisory rates charged by SCM after taking into consideration the expense limitation arrangements and voluntary fee waivers on certain Funds.

The Board noted that the actual management fees charged to most Funds were generally higher than the industry median for comparable funds.

The Board also observed that each Fund's total annual operating expense ratios, after taking into account the expense limitations and waivers applicable to certain Funds (and excluding acquired fund fees and expenses for the Shelton BDC Income Fund), were generally above the industry median for other comparable funds.

Comparable Accounts

The Board noted certain information provided by SCM regarding fees charged to other clients utilizing a strategy similar to that employed by an applicable Fund. The Board determined that, bearing in mind the limitations of comparing different types of managed accounts and the different levels of service typically associated with such accounts, the fee structures applicable to SCM's other clients employing a comparable strategy to each applicable Fund was not indicative of any unreasonableness with respect to the advisory fee payable by such Fund.

Cost Structure, Level of Profits, Economies of Scale and Ancillary Benefits

The Board reviewed information regarding SCM's costs of providing services to the applicable Funds. The Board also reviewed the resulting level of profits to SCM, including the cost allocation methodologies used to calculate such profits. The Independent Trustees received financial and other information from SCM.

The Board noted its intention to continue to monitor assets under management, and the resulting impact on SCM's profitability, in order to ensure that each has sufficient resources to continue to provide the services that shareholders in the applicable Funds require. The Board considered SCM's need to invest in technology, data services, infrastructure and staff to provide the expected quality of investment advisory services to the Funds. They further considered that breakpoints in the advisory fee structure of certain Funds provide for reductions in the level of fees charged by SCM to such Fund as Fund assets increase, reflecting the fact that economies of scale in the cost of operations will be shared with such Fund's shareholders. The Trustees also noted that SCM has contractually agreed to limit its advisory fees on certain Funds so that those Funds do not exceed their respective specified operating expense limitations.

The Board also considered that SCM does not receive material indirect benefits from managing the applicable Funds. For example, SCM does not seek to supplement its fees with "soft dollar" benefits.

Based on the foregoing, together with the other information provided to it at the Meeting and throughout the year, the Board concluded that each applicable Fund's cost structure and level of profits for SCM, were reasonable and that economies of scale and ancillary benefits, to the extent present with respect to a Fund, were not material.

Conclusions

The Board indicated that the information presented and the discussion of the information were adequate for making a determination regarding the renewal of the Advisory Agreement. During the review process, the Board noted certain instances where clarification or follow-up was appropriate and others where the Board determined that further clarification or follow-up was not necessary. In those instances where clarification or follow-up was requested, the Board determined that in each case either information responsive to its requests had been provided, or where any request was outstanding in whole or in part, given the totality of the information provided with respect to the Advisory Agreement, the Board had received sufficient information to renew and approve the Advisory Agreement.

Based on their review, including but not limited to their consideration of each of the factors referred to above, the Board concluded that the Advisory Agreement, taking into account the separate administration fees, is and would be fair and reasonable to each Fund and its shareholders, that each Fund's shareholders received or should receive reasonable value in return for the advisory fees and other amounts paid to SCM by the Funds, and that the renewal of the Advisory Agreement was in the best interests of each Fund and its shareholders.
