I request distribution from my Retirement Account as indicated above. I understand that it is my responsibility to determine that amounts distributed from my account shall be made in compliance with all Internal Revenue Service (IRS) regulations, including required minimum distribution rules and the internal death benefit rule, as applicable. I certify that all information in this Distribution Request is accurate, and agree to hold Ultimus Fund Solutions harmless for any actions taken as a result of information I have provided. I understand that I am responsible for any tax consequences which may result from the election I have made. I have been advised to consult my tax advisor regarding any questions about this Distribution Request. The distributions you receive from the Shelton Funds are subject to Federal income tax withholding unless you elect not to have withholding apply. You may elect to have any amount or percentage withheld, up to the full amount of each distribution. If you select "Periodic Distributions" your withholding selection will apply to all future distributions until you provide us with alternative withholding instructions. Withholding will only apply to the portion of your distribution that is included in your income subject to Federal income tax. Thus, for example, there will be no withholding on the return of your own nondeductible contributions to the IRA. By executing this form, you are providing us with specific withholding instructions as marked in the section "Federal Income Tax Withholding" and acknowledge having received this required notice. If you elect not to have withholding apply to your distribution payments, or if you do not have enough Federal income tax withheld from your distribution, you may be responsible for payment of estimated tax. You may incur penalties under the estimated tax rules if your withholding and estimated tax payments are not sufficient. **If signature guarantee is required, this form must be signed in the presence of the person guaranteeing your signature.**
